

Notice to Employees Enlisted in State Military and Naval Organizations

In order insofar as is possible, to relieve from financial worry those of our employees who are subject to military duty and also as an expression of desire on the part of this company to make substantial recognition of this opportunity to cooperate with its employees in carrying out its share of the common duty of all to answer the national call for military assistance, the policy of this company will be as follows:

This announcement applies to all employees of this company formally enrolled as members in good standing in any state military or naval organization at midnight on Monday, June 19, 1916, and who are accepted by the proper military officers for active service in the present Mexican crisis.

In case of orders being issued by the military authorities requiring the services of employees mentioned above for actual military duty, necessitating absence from the regular duties of this company, compensation will be awarded as follows:

After allowance being made for payment for service by the government, or state or from any other source, the direct result of military service, this company will pay as military compensation the difference between such sources of income and the following:

To all married and single men contributing regularly to the support of actual dependents, two thirds (2/3) of their average salary or wage based on their previous average salary or wage earned during the three months preceding their absence.

To all single or married men not contributing regularly to the support

of actual dependents, one half (1/2) of their average salary or wage.

Thus an employee with dependents whose average wage for three months has been \$100 per month and who receives \$15 per month from the government will be granted military compensation from this company of \$51.66 per month.

Payment of military compensation will be paid direct to the dependents designated, or upon the request of men without dependents, will be held in trust by the company until the return of the employee.

The period of absence on military duty will not be considered a breach in continuity of service as affecting our life insurance or pension regulations, but such time of absence will be included in the company service record of each employee the same as if he had not engaged in military service. During such absence of an employee, the life insurance issued to him by this company will remain in full force and effect.

Discrimination will not be made in any manner against any employee on his return from military service and as far as possible arrangements will be made for each man to return to his former position.

The above conditions will apply to employees whose extent of absences is one year or less, continuously in state military or naval service, but the privilege of the company is recognized to make such modifications, extensions or abrogations of these conditions at any future time as may appear advisable.

Carranza Thinks He Will Have 50,000

Mexicans Are Greatly Pained Because They Are Being So Misunderstood

Mexico City, June 23.—The note of the American government in reply to the communication of General Carranza demanding the withdrawal of the American forces in Mexico, has not yet been published here.

High officials of the government declared today that Mexico is not attacking the American punitive expedition, but said that by no means will Mexico allow these troops to advance southward. They added that the Mexican people were surprised at reports coming from the north that the United States alleges that Mexico was seeking war, especially as American forces had invaded Mexico.

General Carranza continues to receive telegrams from various parts of the republic offering the services of the senders in case of war. It is estimated here that at least 500,000 men will join the constitutional army. The governor of the state of Mexico has wired Minister of War Obregon that several prominent citizens of Toluca had offered to join the army and expressed their willingness to contribute large sums for war expenses.

The cabinet held a meeting this morning. Although the matters discussed were not made public, it is understood that the international situation was a topic dealt with.

BOWEL COMPLAINTS IN INDIA

In a lecture at one of the Des Moines, Iowa, churches a missionary from India told of going into the interior of India, where he was taken sick, that he had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with him and believed that it saved his life. This remedy is used successfully in India both as a preventive and cure for cholera. You may know from this that it can be depended upon for the milder forms of bowel complaint that occur in this country. Obtainable everywhere.—Adv.

Hughes, Root and Fairbanks Confer

Matters Connected With Campaign Were Discussed

New York, June 23.—Precampaign conferences more important than any since the Chicago convention were held here today by Charles E. Hughes with Elihu Root and Charles W. Fairbanks the Republican vice presidential nominee.

Mr. Hughes was closeted with each of these callers for two hours. The entire plan of the campaign was sketched, including Mr. Hughes' speech of acceptance and the organization of the national committee. It was authoritatively announced that Mr. Root would be a prominent figure in conducting the campaign and would actively participate in it.

Where and when the notification ceremony will be held may be determined tomorrow, when Chairman Harding of the Republican national committee will meet Mr. Hughes here.

MANY IN LOGAN TRY SIMPLE MIXTURE

Many Logan people are surprised at the QUICK action of simple buckthorn bark, glycerine, etc., as mixed in Adler-I-ka. This simple remedy acts on BOTH the upper and lower bowel, removing such surprising foul matter that one spoonful relieves almost ANY CASE of constipation, sour stomach or gas. A few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. The INSTANT, easy action of Adler-I-ka is astonishing. The City Drug Co.—Adv.

IN THE SANCTUM

"Ex-Congressman Flubdub wants a little writeup," remarked the magazine publisher. What shall we say about him?"
"What did he ever do?"
"Nothing."
"Say he upheld the best traditions of congress. That means little for or against."

Attendance Large At The San Diego Exposition 1916

Attendance at the Panama California International Exposition, at San Diego during the first few months of the second year, is showing the wisdom of the directors in enlarging the beautiful 1915 Exposition and making it international. In a statement issued by President G. A. Davidson, June 12, he makes the following comparison of the 1915 and 1916 attendance figures to date, beginning with the formal opening on March 18, 1916.

"Dedication Day attendance, on March 18, was 33 per cent greater than the greatest day of the entire period of 1915. Dedication Day's total was 45,000 against 30,000 for the biggest day of 1915. The month of April, which was the first full month that the Panama California International Exposition had been operated, showed an attendance of 10,000 greater than April 1915. During May the daily average attendance was practically the same, and except for several special events held during May 1915, not observed during 1916, the total admissions were greater for the month just closed. Five big special attractions were given during May, 1915, as against one big feature for May 1916. The first eleven days of

the present month, show an attendance 8,090 greater than the first 11 days of June, 1915.

"In face of the predictions of failure for 1916 and statements that no Exposition could ever operate successfully a second year, we are very proud of this record. The months that have passed are known as slack months and we have not yet entered on the big period for the Exposition.

Our gates were practically closed until March 18, and our expenses, up to that time and for several weeks following that period, were far greater than now, because of the reconstruction work necessary in preparation for the new international features."

FORETHOUGHT

People are learning that a little forethought often saves them a big expense. Here is an instance: E. W. Archer, Caldwell, Ohio, writes: "I do not believe that our family has been without Chamberlain's Colic, Cholera and Diarrhoea Remedy since we commenced keeping house years ago. When we go on an extended visit we take it with us." Obtainable everywhere.—Adv.
